About Enterprise

Enterprise is an extended family of more than 65,000; a world-class company with homegrown roots. Through tremendous leadership and the entrepreneurial spirit of our employees, we've built the largest rental car company in North America — customer by customer, car by car from the ground up. But our goal has never been to be the biggest; we simply work hard to be the best.

Who We Are

Learn more about Enterprise's unique history and ground-breaking philosophy.

Press Room

Search recent releases and fact sheets, and find out about some of the accolades and awards that Enterprise has received.

What We Do

From car rentals and car sales to fleet services and international operations, read up on Enterprise's key operating units.

Enterprise Holdings

Our parent company sets the tone for the way we do business, from our values and culture to our commitment to the community and corporate citizenship. Visit the Enterprise Holdings site to learn more about our approach to sustainability and environmental stewardship, the Enterprise Holdings Foundation, our supplier diversity program and more.
